

NUFOER S.L. QUALITY POLICY

NUFOER S.L. aims within its business model to achieve the highest level in the manufacture and commercialization of feed additives, premixes of additives and complementary feed, meeting the needs of the animals and obtaining the satisfaction and confidence of customers.

The Quality Policy of NUFOER S.L. is defined by the Management, and is expressed in the following points:

- Focus its efforts on safeguarding the quality and safety of the products produced, as well as taking the necessary actions to prevent fraud or adulteration, continuously improving processes, and reviewing all applicable documentation.
- Establish processes for setting and reviewing objectives to help improve the quality of their products and the management system.
- Define and implement protocols for action in case of crisis situations.
- Establish strict compliance with legal requirements and the HACCP Plan applicable to the products and processes, as well as legal requirements of the facilities and customer requirements.
- To use the means of communication at its disposal to make the Quality Policy available to all interested parties.
- To promote a business culture based on participation and teamwork that commits all personnel to Quality Management.
- To ensure that our products satisfy our customers and are in line with the market trend in animal nutrition and the latest scientific research in the field.
- To quickly solve any incident, giving immediate knowledge of it to the customer.
